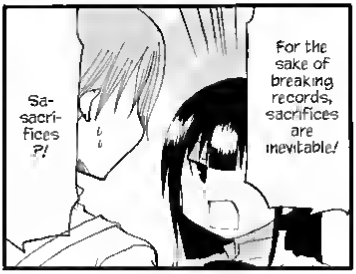
Heart Pounding Tour

Basically, we'll get you to go on a little heart pounding trip by meeting the guys here!
The ones whose hearts are pounding are us though...

For the sake of growth



Test 2
The problem is other guys.
Well, Inami-chan is Takanashi-san's responsibility so her passing the test is to be expected.

No worries!

A sense of being distanced
even though recently I've been having idle talks with Satou-san, I didn't get to talk to him about Kyoko-san

But haven't you been chatting with him all this while?
Uhm well, it's just... I want to chat with Satou-san, but I can't seem to find the right chance...
Well yes, but, how do I put it...

right now Satou-san is at that important point of time where he has someone he likes
so perhaps it might be better if I don't disturb him...
I want to chat with him, but

That's... that's because...
I'm rather envious that he often personally approaches you to chat with you...

I just...

Tameshima-san, do you dislike green peppers?
Roi-chan,

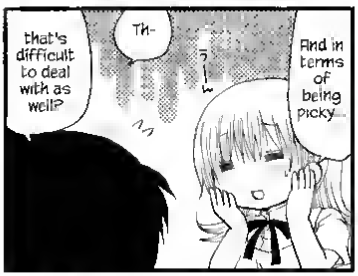
Roi-chan ?!
This is a penalty
Penalty ...?
Before taking to using penalties, you have to consider the fact that you can't grow because you're being picky with your food!
No way!!
As such, let's overcome your dislike for green peppers!
Every month, if my height failed to reach a target I've set, I'll penalize myself by eating green peppers!
Brought them here myself!
That's why I've got to eat them all!
From now on, call me the Green Peppers Master!
Green Peppers Master ?!
Speaking of which, have you ever hit your target height before?
Never...

Method of Overcoming 1



The Master's Teachings

Well, I guess it's true that I can't grow because I've been picky about my food...
so I will overcome my dislike for green peppers!
Leave it to the master!

Let's go and find someone mother-like in this restaurant!
When it comes to dealing with pickiness of food mothers know best
The master has to rely on others instead...

Putting it in practice

I've left it to Satou-san!

Someone who can
Well, Souma-san's the one in the kitchen right now
Satou isn't around either, so my meals are .
Is that so?
Come to think of it, I've never gotten Souma to me make anything.
Of course.
Then again, when I do ask Satou, he'd refuse to make any food for me.
You should think about why that's the case!
But for some reason, when it's through Yachiyo, he will immediately do it
The policy as a manager
Please stop loitering around like that.
You're in the way
I want to eat some parfait
What? I won't make any parfaits for you
Other than order mistakes or mess-ups, I only eat parfaits made by underlings!
Like Yachiyo, Mitsuki or Yohei
No way
So please mess up an order!

Co-worker's Thoughts
Is that so...
Well, basically, she's the sort who is so simple that she ends up being difficult to deal with.
this might be a good chance
—oh, but since both Todoroki-san and Satou-kun are on break today
For what ...?
Collecting data on the manager
For what?
?
If it weren't for those extra words, you almost had me think that you're quite the thoughtful colleague
Obviously it's for the sake of that hopeless Satou-kun who isn't asking Todoroki-san out despite both being on a break!
That which has no relevance
in charge of feeding the manager aren't here today
Oh yeah, the two who are
Nah, Satou-kun will get angry at me!
You're not going to cook for her, right?
Yeah, the manager said that too.
Really, there's not much to chat about with her at all
Besides, there's neither any form of benefits or loss to be had between us
Ah yeah, your "coercion"
"Persuading" her doesn't seem to work much either

Round 1
Manager,
I've got a fair bit of free time, so later
when I cook up something for you, can you stick around for a chat?
Fully prepared
Ok,
now that the workload has decreased, let's try getting some conversation going
Great, thanks
Since Satou-kun isn't around, I'm just so bored and have nobody to talk to
Since I'm dealing with someone whom I absolutely have no idea what is going on in her mind, I best be prudent with how I go about it
Souma
Ah, if you find there are questions you can't answer, that's fine too.
Sorry, I'll keep it short
Too long, didn't listen.
Well, at least this part is simple enough
Snacks.

Round 3
Yeap
So uhm, do you treat her like a precious younger sister?
would you be willing to entrust her to?
Then...
what sort of person
None.
What is it?
If only Satou-kun is this resolute
Round 2
Get on with it...
And cook me some food!
Uhm, well...
What do you think?
It's about Todoroki-san
I like her.
I'm seeing firsthand the power gap between you and Satou-kun...
No, it's just
What?

The Next Round
my neck still hurts...
The next day
Jeez...
Sup, Souma
Ended up pointlessly getting injured.
Got even less info than I expected...
I guess it's best to not get involved with her.
Bad sleeping posture?
What's up with your neck?
.....?
Oh, what's this? You say you want your neck injury to worsen?
It's all because you're such a pathetic person, that's why!
Round 4
But you know,
I think I sort of get why Todoroki-san said the manager is cool
uh, how do I put this...
even though you can maintain the relationship as is for the time being, it's not going to last and can't go on like this forever, so...
Souma
.....
Hmm,
I get it already!
I'll cook something for you!
Too long.

Shutting me down just because I spoke too long... the manager sure is short tempered.
Ugh, it still hurts.
Hmm.
I'll make a chocolate parfait tomorrow.
1 hour later
Hmm.
The weather sure is good today
5 min later
Hmm.
It's a strawberry parfait today.
Kyoko-san, your parfait.

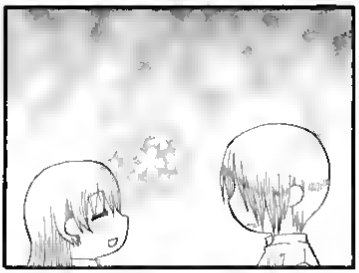
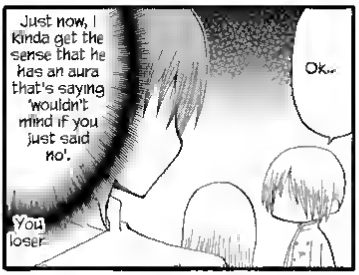
First time out for a drink

...speaking of which, it's the first time a friend has even asked me along to have a drink!
Can I deal with the situation appropriately? What do I have to [illegible] when going out for a drink?!

Time to remove the 'pathetic' label





An unexpected teacher

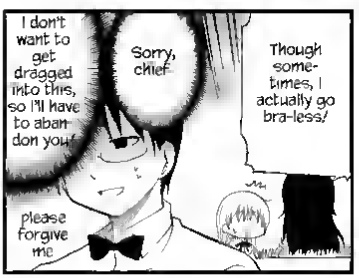
Souma's concern

Even someone as knowledgeable as you don't know?
Sorry, but I don't really know either.
If possible, I'd prefer if she went without any weird presumptions.
No way!

Sensing danger even from a distance

T-
that's true.
Look at during the new year celebrations and weddings. You got to drink during those events, right?
Since olden times, drinking alcohol has always been something divine.

Well, don't worry about that!
'Maybe'?
Therefore, you can't afford to show the alcohol disrespect!
Anyway, new underwear! Go get new underwear!
Also, there's the 'maybe' after that!



I don't want to get dragged into this, so I'll have to abandon you!
Sorry, chief
Though sometimes, I actually go bra-less!

I really want to stop her from the bottom of my heart, but I just can't barge into the conversation!!

The decisive line

Danger approaching

Sweeter drinks go down easy but that also means easier to get drunk, so please be careful.
Oh and also, don't go too overboard with your drinking.
Go it.

But she seems to be dead drunk most of the time...?

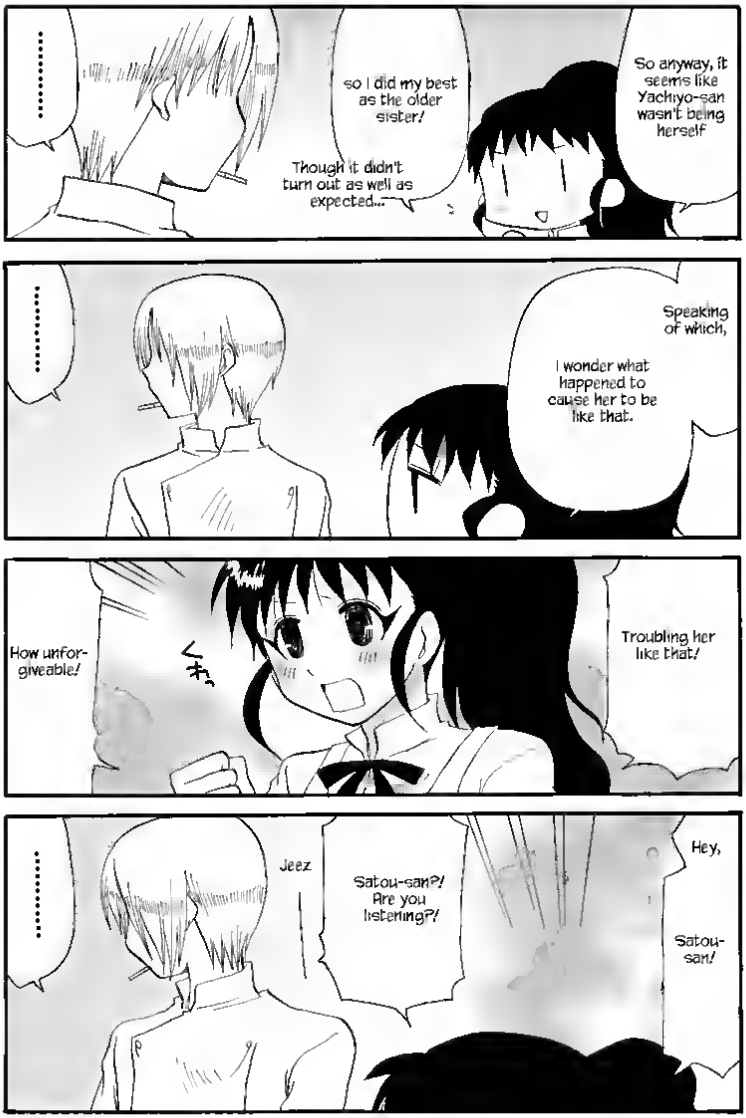
EXTRA PAGE



So anyway, it seems like Yachiyo-san wasn't being herself
so I did my best as the older sister!
Though it didn't turn out as well as expected...
.....
Speaking of which,
I wonder what happened to cause her to be like that.
.....
Troubling her like that!
How unforgiveable!
Hey,
Satou-san!
Satou-san?! Are you listening?!
Jeez
.....

Kazue, Kazue, let's get back together again!
The next page begins with a mobile transmission
.....
You're the only one for me! I was wrong, let's get married again!
は
It's a tale of these sisters
Like hell, you imbecile !!!

If you haven't got anything important to say, you can stop calling or I'll sue you for stalking
Of course, there's important stuff to talk about, like the settlement money, among other things
Something like that you can just mail me the summary!
Minegishi-san (Kazue's ex)
But for real though
let's just get back together already, come on'
Get married with me! Let's get back again! Marry me and tell me off again!
ぶち
Go and die !!!
わぁい
You know he likes it when you get angry at him...

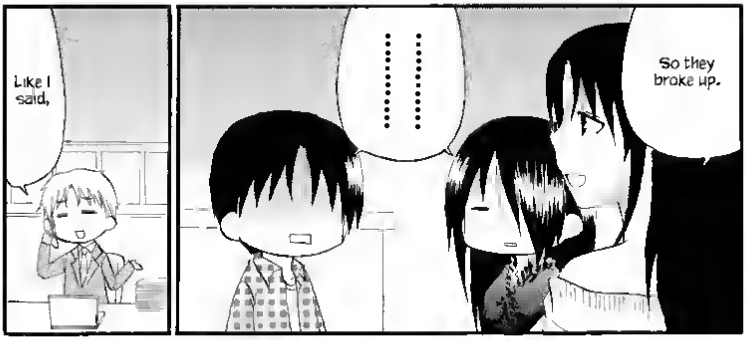
Oh yeah,
How did they even know each other to begin with.
Those two really never changed.
It's hard to believe they were even once married.
.....
Besides, time and time again, you just keep acting like that!!
there's quite an age gap so both you and Nazuna probably don't know this
you see, those two were childhood friends.
Please don't say things like that.
That means, he's both your childhood friend too?
They were?

They've been at it like that since they were kids
Kazue, let's go home together
and Kazue was annoyed with him too.
Be it in academic or sports, he's gotten better results too
Hey look, Kazue, I got 105
100
105
He spurred Kazue-neesan's competitive spirits and so they end up being close with each other along the way.
Didn't realize he's that remarkable...
even though Kazue-neesan is already a pretty formidable person.
Well, he does work for our mum
A very capable person huh...
I see,
so that's why Kazue-neesan was able to close her eyes to him being a deviant and marry him...
I don't think it's possible to ignore his deviancy...

And then along the way, they've both reached that age
Marry me, Kazue.
After you re-do your past life, you swine.
Kazue! Marry me!
Marry me marry me
and can you please repeat what you just said?!
Marry me, Kazue
hey, come on
come on let's get married
たまらん
Things went back and forth about a hundred times
ﾌﾟｷ
till Kazue-nee kinda just broke down and accepted.
There's no romance in the mood at all!
It's not beautiful at all

They did?!
Wow
And they did get along pretty well
Appa-rently,
Minegishi-san cheated on her
—well, I heard from Kazue-nee during one of those rare times she actually got drunk.
I don't know about that though
Won't tell me
Then, why the divorce?
Cheated..
I don't think that's the right reaction from the younger brother
Surprising...
Minegishi-san can do such human things too huh...

A few years ago
Someone I knew happened to snap this picture.
How would you like to explain it?
Happened to meet a co-worker of mine and offered to help carry her stuff for her...
but... but if I said I have not been faithful...
Kazue might get angry at me!
Well, she's probably just a co-worker-
I cheated on you!



Like I said,
So they broke up.

You dege-nerate!
That's not something you can just say sorry! In fact it makes it worse than cheating!
I apologized and clarified 'Sorry, that was a lie'.
Thank you!

GO DIE 5 TIMES OVER!!
Kazue is real cute when she's fuming.
Well, I'm kinda ok with the way things are as long as I can keep getting scolded by you.
Stop call-ing!
Anyway, we're not getting back toge-ther!

Now that I think about it,
.....
Too much like comedy, can't use for my romance novels...
And there we go.
You keep saying you're a massive masochist, but from the way you kept being clingy to me
and mess with my life all the damn time,
Yes, darling ?
Minegi-shi
.....!
Haaa...
that guy is really...
Hahaha, don't be silly
I'm an honest to goodness masochist.
you're actually a massive sadist, aren't you ?!!

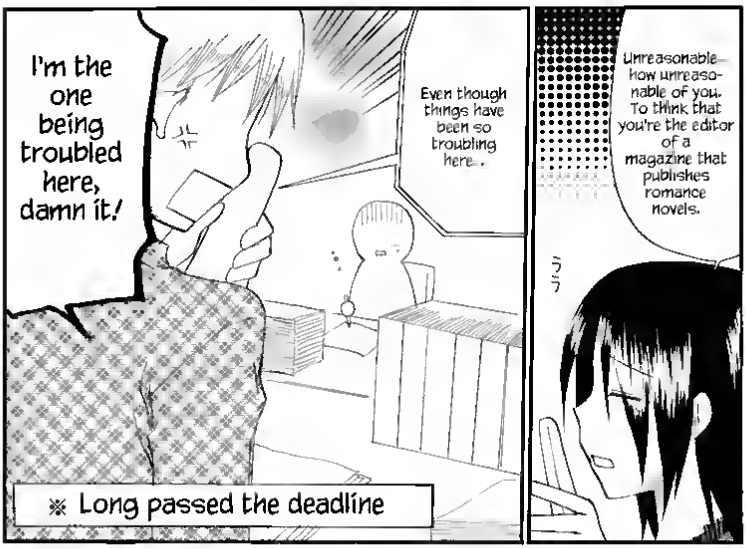
what is love to you?
Say,
I'm busy and have no time for idle chatter
Gonna hang up if it's nothing important
.....
An author and her editor!!!
What is our relationship to you?
It's been a while since we talked on the phone and yet you're being so cold.
Stop crying It's annoying
How mean!

And then 3 days later you call to ask 'what is love'. What the hell kind of question is that, idiot. Writing about that is your job, is it not? You're a romance novelist, aren't you?
Uuu
Uuu
Besides, you were the one who said not to call you because you need time to ponder on the materials.
Enough with your little drama and hand in your manuscript already!

If not, I'm just gonna go ahead and have those messy handwriting of yours sent straight to be published in the magazine like that!
But-
Uuu
Because you submit the copies handwritten, I have to type them into the computer myself and it's taking up plenty of time
so hurry up and submit your manuscript already!



I'm the one being troubled here, damn it!
Even though things have been so troubling here...
※ Long passed the deadline
Unreasonable... how unreasonable of you. To think that you're the editor of a magazine that publishes romance novels.

Ugh, what a hassle.
So, what is it?
I'm afraid so
And recently, you've been later than usual. Something happened?
Oh my
a love affair, huh
A lover...
So what, did you have a fight with your lover?
Well, there are works influenced by the author's own love life. Especially those like you where the mentality is reflected in your own works
That doesn't matter, does it !!!
My younger brother got attached...

There's no 'but'!
I'm worried..
but.
Uu..
That's your brother's problem! It hasn't got anything to do with you!
And over here, we're being very anxious about whether we can publish it smoothly, got it?
The readers are really anxious about the next chapter, you know?
Worry about your own work instead, miss novelist!
Things like that are-
Bye.
Why you-!!!
I need to have a rest, will call back in 2 hr
Excuse me?!
the phone is too heavy...
Being on the phone is tiring me out..

Isn't the editor only like that towards you?
Why's that person being unreasonable..
Phew
Well,
your editor's generally quite nice to other authors, right?
What do you mean, Sou-chan?
it's gonna take quite a while to clean your room
I'm very nice to authors who keep to their deadlines.
I'm sorry.
You're so unfaithful to me!
What the heck?!
プルルルル
ガチャ

If Sou-chan gets too caught up with his girlfriend
...anyway, continuing from just now, why would your brother getting a girlfriend even affect your work?
or make my meals.
he might not clean my room
As a working member of society, you already are pretty much dead!!
Without Sou-chan around, I will die.

Your brother is of that age after all, of course he's going to fall in love.
No matter how much you're against it,
you can't stop it.
Oh shut up.
Sou-chan is
Sou-chan will
So behave as an elder sister should. Isn't it fine to show your tolerance and just let it be?
This is the part where you stand and watch on from a distance.
.....
.....
But you told me to shut up.
Say some-thing, damn it!!!

はっ
If I don't have to worry about a couple of things—
like if there's someone to take of me—
ah, that's right!
Oh for crying out loud! What is it? What does it take for you to get to work?!
Anyway, just leave your brother alone and do your own job!
Got it?!
But I—
I'm a woman, you know!!
Let's get married!
I don't get the full situation, but I think I'd better send Ms Editor some gifts for Chuugen—
Even though she's a woman, why's she so crude—
Like hell I can do that!
And get your work ready by tomorrow!

From Wiki: Chuugen is an annual event in Japan on the 15th day of the 7th lunar month, when people give gifts to their superiors and acquaintances

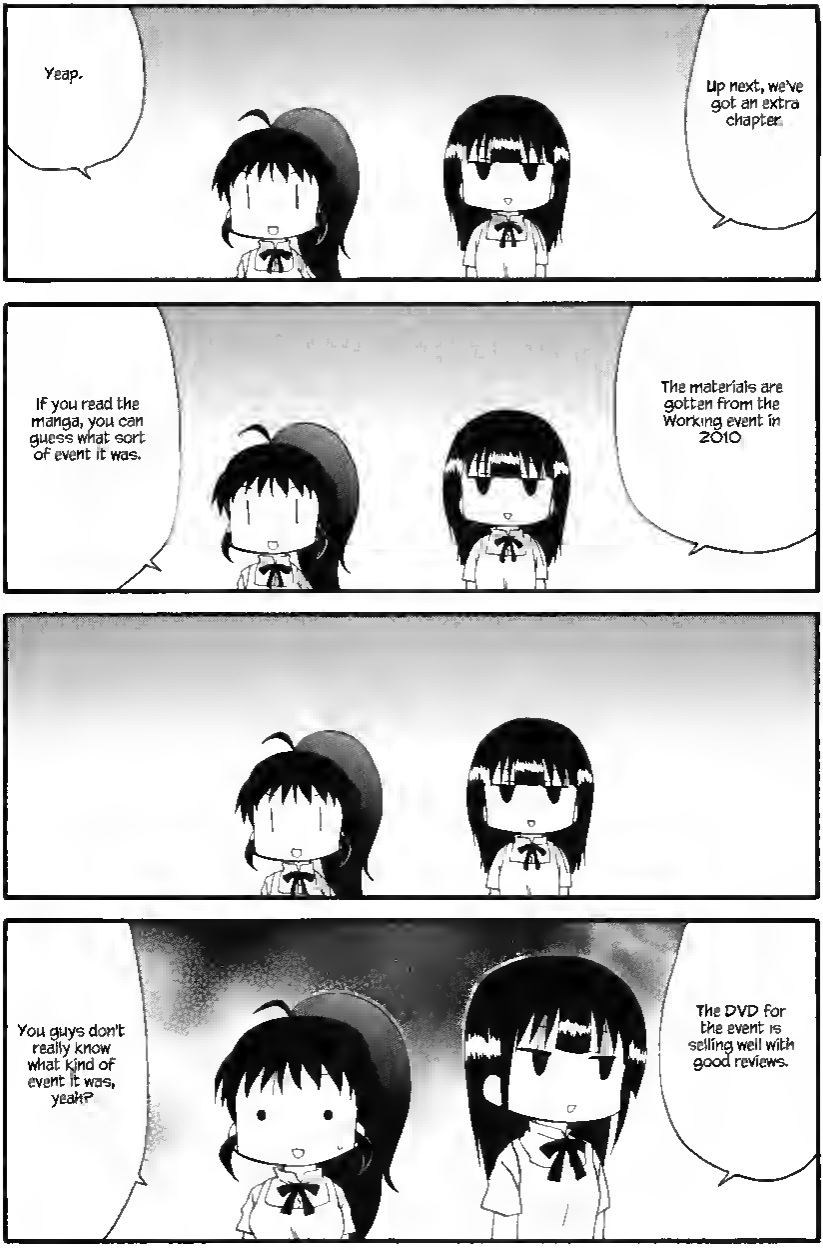
No way...
Izumi-nee, isn't it about time for you to have mom tell you to get married?
A shut-in with zero encounters like you aren't in any position to talk.
I'd rather be single than end up with some deviant masochist of a husband like Kazue-neesan.
Oh, really? Who is it?
E-even someone like me has encountered someone wonderful too...
a certain blonde who was initially on the wild side but later was shown to be kind and looks out for me...
Who is a woman, isn't she?!!
My editor.
Stop being misleading!



Yeap.
Up next, we've got an extra chapter.
If you read the manga, you can guess what sort of event it was.
The materials are gotten from the Working event in 2010
You guys don't really know what kind of event it was, yeah?
The DVD for the event is selling well with good reviews.

H-
huh..?
Oh right,
I'm at my part-time job...
ふ
Recently, the weather's been so hot that I can't focus. This won't do at all.

CRAB ?!!
Ah, Katanaski-kun
Ah, senpai!
For times like these, it's best to recharge by patting senpai's head

Event Special
イベント特別版

Well, on your head...
...is it Satou-san?
What do you mean?
What happened?!
It's a crab!
Not what I meant!
It's not Satou-san!
くわっ
That's not what I was getting at!
It's better with a Hairy Crab, right!
もとっ
ほいっ
It's Hokkaido after all!
Ah, I see!
Senpai, you're being weird.
Are you ok?
Weird?

Ah, manager
Put a hilt on a Japanese cutlass-fish and you practically get a sword.
You're on break huh.
Senpai seems to be different than usual...
Wanko cake, you say?
Yachiyo's getting me a wanko cake.
Yeap, while waiting for my food.
Even if it's not the manager's break time, you're here relaxing in the break room anyway, huh?
That was the wanko you were referring to?!
No, it means the cake keeps coming no matter how much you keep eating.
You mean a cake shaped like a puppy (wanko)?! Sounds really cute!

TL: The joke here is that Takanashi thought 'wanko' as in a puppy, while Kyoko was in fact referring to wanko as in wanko soba (椀子蕎麦), wherein buckwheat noddles are served in small bowls and the servers will continuously refill your bowl when it's empty.

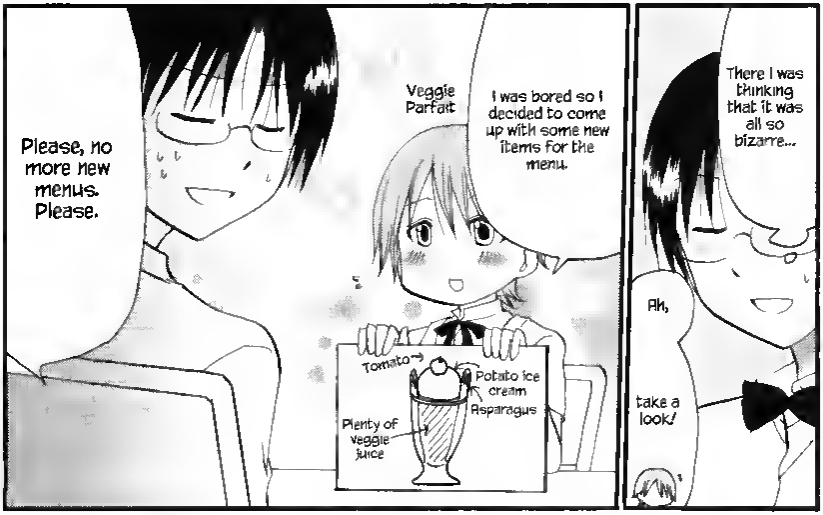
That's for a sushi restaurant, Yamada.
Right, come on in, folks!
As you can see, Yamada's being very enthusiastic about it too.
Satou-kun...
Is that why there's a crab on senpai's head?
We're trying out different types of stuff to put on the new menu.
This white fish with chilli sauce is not bad.
Hmm
ぱくり
Satou-kun, that's chicken.

Wha-
even though your favourite food are fried prawns and Salisbury steaks. You have the taste buds of a child.
How dare you say that
Haha, Satou-kun's taste buds are impaired!
Um
Takanashi -san, Takanashi -san
beef tongue too, you know!
I like
Shut up, Yamada!!!
Wow (a fish)?! How much is this (salmon roe)?! How! How much (is this young Japanese amberjack)?! What's this?! Thus, here it is (Nattou)!!!
Wait a sec...
if you take fried prawns, Salisbury steaks and beef tongues and make sushi out of them, it's going to be best, yes?!
Yamada's even got a sushi song in the works!

see TL note at the end

TL: Bang Bang Ji (棒棒鶏) is a chicken dish from the Chinese province of Sichuan. Incidentally, this is also the same place Mapo Tofu is from.

Bang Bang Ji!!!
Is it Bang Bang Ji? Would Bang Bang Ji be good?!
あ、
Then, what are you gonna have for the new menu, Takanashi-kun?
Everyone please calm down!
Also you're all acting weird!



Please, no more new menus. Please.
Veggie Parfait
I was bored so I decided to come up with some new items for the menu.
Tomato
Potato ice cream
Asparagus
Plenty of veggie juice
There I was thinking that it was all so bizarre...
Ah,
take a look!

Translation Note:

Ok, I'll do my best to explain the wordplay for Yamada's song.

1. The kanji for fish can also be read as 'uo', which puns on 'uo' as form of exclamation like 'wow'.

2. "kore ikura" usually means "how much is this", and ikura means salmon roe so it can also mean "this is salmon roe".

3. Japanese amberjack or yellowtail fish of certain age is called "hamachi" when used in sushi; which sounds similar to how you might try to say 'how much' with a Japanese accent.

4. Nattoiu (nattou) -
Thus, here it is (Nattou)
